RELIABILITY FIRST

ReliabilityFirst Ballot Body Registration Form

Entities may register in the Ballot Body (BB) at any time during the Standards process. The SPM shall review all applications for joining the BB, and make a determination of whether they qualify for the self-selection category. Entities shall have evidence that they qualify for the BB category they register in. Such evidence shall be available for the SPM review to verify BB registration and may include compliance registration. In order to vote one must have an active membership in the BB. The contact designated as "Primary Voter" is the voting member with the "Secondary Voter" as the backup.

A corporation or other organization with integrated operations or with affiliates that qualifies to belong to more than one category (e.g., Transmission Owners and Load Serving Entities) may join and vote once in each category for which it qualifies, provided that each category constitutes a separate membership in the Ballot Body and the organization is represented in each category by a different representative. Affiliated entities are collectively limited to one membership in each category in the Ballot Pool for which they are qualified.

Please complete the registration and send provide it to the Standards Process Manager. Upon approval of your registration, you will receive a confirmation email. Approval of the registration may take up to 24 hours.
